Reading Corner

A reading corner is an area where pupils can joyfully read and manipulate various literacy-rich materials like puzzles, flashcards, charts, pamphlets, toys, and books. It is specially designed to help beginning readers. Pupils enjoy manipulating materials without noticing that they learn how to read with ease. Furthermore, reading corner is a great avenue for pupils in developing genuine love for reading. As they enjoy reading, they become true readers and eventually leaders for tomorrow.

Every classroom has an area or space allotted for reading corner or nook. Class advisers are assigned to put up, design and maintain the area. In addition, they see to it that the area is well kept, materials are updated based on the needs of the pupils and caters for all types of learners.

To ensure that the area is functional Mrs. Rosefe B. Bernabe, our reading coordinator monitors it twice a week through her unannounced visit during lunch break. Advisers see to it that their pupils utilize the area during break. Thus, practice reading helps pupils to enhance their reading skills.
