DIVISION MEMORANDUM
No. 638, s. 2022

November 15, 2022

DISASTER RISK REDUCTION AND MANAGEMENT (DRRM) COMPREHENSIVE SCHOOL SAFETY (CSS) MONITORING AND EVALUATION RESULTS 2022

To: Attorney III
Chief, Curriculum Implementation Division
OIC – Chief, Schools Governance and Operations Division
All Public Schools District Supervisor
All Public Elementary and Secondary School Heads
All Public School DRRM Coordinators
All Others Concerned

1. The Division Disaster Risk Reduction and Management Service (DRRMS) conducted a Comprehensive School Safety monitoring and evaluation of public schools from September to October 2022.
2. This activity promotes and recognizes the efforts of schools in the implementation of DRRM Programs, Activities, and Projects and provides relevant Technical Assistance. The monitoring tools used were the DRRM Implementation Checklists:
 - a. Beginner, based on the usual CSS indicators, for schools below Outstanding rating in 2021; and
 - b. Advanced, based on integrated CSS and Basic Education Development Plan 2030 DRRM indicators, for schools with Outstanding rating in 2021
3. The result from the monitoring and evaluation shows that after a 4-year implementation of CSS indicators, twenty-seven (27) schools have achieved an OUTSTANDING rating. The significant overall improvement is also evident from a previous average rating of 86.27 (VERY GOOD) points to a new average rating of 92.76 (OUTSTANDING) points (see enclosure). This shows schools are prepared for the transition to the new DRRM CSS indicators stipulated in the BEDP 2030.
4. Most implemented indicators include:
 - a. inclusion of DRRM in the SIP and APP,
 - b. provision of DRRM corners and First-aid kits in classrooms, and
 - c. DRRM awareness among school personnel and learners.

Least implemented indicators include:

- a. safe learning facilities: building construction quality control, repair, and maintenance (needed from Division Engineer);
- b. capacity building of school personnel;
- c. integration of DRR in the curriculum; and
