PARDO

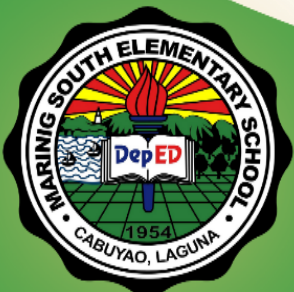

DESCRIPTION

Dropped out is a perennial issue to any learning institution. Any circumstances encountered by the parents and learners are beyond the control of the school administration and management that may cause the learners in dropping out. Despite of this, school never stop in finding a way on how to eradicate or may lessen the number of the dropped-out learners.

In line with the implementation of DepEd Order No.74, S. 2010 on Dropout Reduction Program, Marinig South Elementary School is continuously implementing Project TRAP RID (*Tracking, Recording, Assisting Pupils at Risk of Dropping out*) Version 2 to address the learners who are at risk in dropping out.

This project aims to properly track and record the pupils with class attendance problem, close monitor the attendance of the learners who are at risk in dropping out and recognize PARDO (*Pupils At Risk of Dropping Out*) learners with good standing on class attendance.

MSES is using TRAP card (*Tracking, Recording and Assisting Pupils*), a tool of TRAP RID in monitoring learners attendance, to help learners continuously attend classes this SY 2022-2023.

C. INTERVENTION (INCLUDING INVOLVEMENT OF PARENTS / GUARDIAN / STAKEHOLDERS)

Constant effort of internal and external stakeholders in reaching the students at risk on dropping out through Project TRAP- RID, an average of 0.23% decrease was recorded for the last three (3) school years. The project is one of the pillar mission that made an impact to lessen the school's drop- out rate as it caters and target the student's needs.

Certificate of Recognition was given to a parent during the conduct of TRAP RID project as

School Guidance Coordinator Maria Eda C. Lapidez conducted a life coaching to the parents during the First Quarter Assembly SY2022-2023.
