A group of five talented intermediate boys from Marinig South Elementary School eagerly participated in the Fischer Technik Robotics Orientation and Product Familiarization Workshop, generously sponsored by Eridanus Marketing Corporation. The workshop spanned two consecutive Saturdays, specifically on March 18 and 25, and was hosted at Cabuyao Central School. The students were provided guidance and support by a team of dedicated teachers, including Edgar Aquino, Vilma Reyes, and Juan Mario Yumena. This exceptional opportunity allowed the students to explore the exciting realm of robotics while honing their skills and knowledge in this cutting-edge field.
